Mix inspection only but completed REG to ensure contact details up to date, site is in long term fallow

**Additional Case Information:**

Slice had been mixed in 2020, all records of mixing maintained as required.

The hatchery and smolt unit are going to be rebuilt with production commencing next year if all goes to plan. Comphatches will be input to the hatchery with some first feeding tanks.

All medicated feed was used at the nearby smolt unit and the hatchery has not been stocked for a number of years so no medicine records to inspect.
