FISH HEALTH INSPECTORATE VISIT REPORT

SUMMARY FOR INFORMATION OF SITE OPERATOR

BUSINESS No FB0299 **DATE OF VISIT** 14/06/2022

SITE NO FS1050 SITE NAME Rysa Incubation Unit CASE NO 20220214 INSPECTOR

The operator of the above site was contacted in accordance with the Aquatic Animal Health (Scotland) Regulations 2009.

The information required for the public record of aquaculture production businesses regarding this site was verified and where necessary updated. The site was fallow at the time of inspection.

The following points were raised with the site representative during the inspection:

- Mortality records were not available at time of inspection.
- Movement records for dead fish waste were not available at time of inspection.
- The health certificate for the latest input of eggs from Aquagen was not available at time of inspection.

These must be addressed to ensure the conditions of authorisation for your Aquaculture Production Business (APB) are being met. Records or documentation demonstrating that these points have been addressed should be sent to the Fish Health Inspectorate (contact details below) within 30 days of the date this report was issued.

Please contact myself or the duty inspector should you require any further information or have any queries regarding this report.

Signed: Date: 01/08/2022
Fish Health Inspector

The Fish Health Inspectorate Service Charter detailing standards of service is available on the Marine Scotland website at www.gov.scot/Topics/marine/Fish-Shellfish/FHI/charter
